

Training

Securitas Center for Professional Development

We invest in what matters most- our people.

Bill Barthelemy
COO
Securitas North America

Our commitment to provide our clients with properly trained security officers was the driving force behind the creation of the Securitas Center for Professional Development (SCPD). This professional training management organization brings together dedicated trainers, cutting-edge courses, strategic business partnerships, and security industry experts to deliver world-class programs, products and services. The value of SCPD to City of Portland will be evidenced by a professional training capability that presents innovative and state-of-the-art training programs to our security personnel assigned to protect our clients' employees, visitors and critical assets.

Securitas has made a substantial investment in SCPD and the related local and region training and development functions. An important service provided by Securitas is a dedicated training officer or selected supervisors to provide training at each City of Portland location. City of Portland trainers are supported by training staff and SCPD to help ensure the proper dissemination of new training programs, materials and methods, and to keep trainers current regarding available resources.

Each of Securitas' five regions is staffed with region, area and/or local trainers, whose role is to:

- Manage efforts in training, organizational improvement and performance enhancement.
- Conduct training in a variety of settings and develop curricula that combine multiple existing and acquired resources.
- Analyze performance of individuals, programs and organizational units; develop performance and competency models.
- Develop partnerships with clients by learning the clients' business and collaborating to identify learning opportunities that will enhance the delivery of security services.

Key competencies possessed by members of the training and development group are:

- Understanding of client business processes and success factors.
- The ability to conduct job task analyses in complex environments and develop corresponding curricula and performance and/or knowledge-based training modules based on varying needs.
- Planning, organizing and leadership skills; particularly as they relate to the development of annual training plans for a branch office or a specific client.
- Presentation and group facilitation skills.

Area trainers are individuals who deliver training programs as requested by clients or required by Securitas. Our flat organization keeps training specialists close to the field to meet client-specific needs. With years of experience, many of these professionals hold security industry certifications as well as training credentials. This team is also responsible for updating the officers' training records and awarding corresponding recognition such as certificates and pins. These local professionals are responsible for delivering the local training curricula.

This team of trainers is supported by SCPD. In addition to being the primary driver of company-wide performance improvement initiatives, these professionals are dedicated to the development of field-requested curricula. Our training managers and curricula developers have backgrounds in training, education, instructional design, computer programming, graphic design, cognitive psychology and communications, as well as security, law enforcement and military experience. They are guided by principles of human performance improvement and adult learning theory, and maintain membership in the Association for Talent Development (ATD) and ASIS International.

Through custom development and strategic partnership with industry content developers, SCPD provides curricula and lesson plans in multiple formats to meet the specific needs of our clients. Delivery platforms include online and instructor-led classroom courses with presentations, workbooks, and lecture notes, as well as video programs and self-study courses. We have built the leading e-learning program in the security industry. Proprietary interactive courses are available at anytime and anywhere there's a computer. Our LMS, the Securitas Online Academy, was designed in partnership with the same organization that provides services to government and global corporations and supports online training, testing, tracking and reporting.

Securitas will bring City of Portland the security industry's most innovative and professional capability with qualified local training professionals supported by world-class resources to implement the appropriate training at your facilities.

Security Officer Training and Certification

Professional Security Officer Training Development Path

Securitas provides each security officer with a clear training path. Our approach is based on three key elements:

- Certain principles and techniques, such as those dealing with observation, safety, reporting, interpersonal relations and Securitas policies, are consistent regardless of an officer's assignment.
- Clients have unique situations that may require additional specialized training; therefore, we provide both general and client-specific training.
- We meet the need for meaningful ongoing professional development to keep skills sharp through a number of innovative programs.

The initial training requirements of City of Portland will be completed within a mutually agreeable timeframe for all officers prior to permanent placement at City of Portland sites. Retained incumbent officers, as applicable, will also receive Securitas-specific elements of this training in manageable groups after transition so as not to interfere with security operations.

We maintain training certifications that list all completed training modules in each officer's file. Upon completion of a training module, the instructor administering the training certifies that this training was satisfactorily completed. For courses delivered through the Securitas Online Academy, testing and record-keeping is instant and automatic.

Level One Training

Level One focuses on basic security officer skills and exceeds many state-mandated minimum requirements for entry-level security officers. Candidates must successfully complete this screening process as a condition of being hired. The following general subjects are covered:

Hazard Communications	State Licensing	Security Officer Handbook
Bloodborne Pathogens	Harassment Awareness	Acts of Terrorism

Level Two Training

Level Two focuses on career development and includes site-specific training as well as Securitas' premier Advanced Certification Training (ACT) Program and specialized industry-specific programs. A site-specific training program focusing directly on your requirements will be developed for City of Portland upon our selection as your security partner. On-the-job training, conducted mostly on-site, is designed to instruct the officer on the specific requirements of the job. Specific training such as First Aid/CPR, AED, Fire Guard and Securitas' Safe Driving Program (for those required to operate a vehicle as part of the job) will also be conducted at this time. Additional Level Two training programs include:

Site Orientation	AED/CPR/First Aid
Post Orders	Vertical Market Certification
Safe Driving Program	Metal Detectors/Wanding
Advanced Certification Training (ACT) 1	Firearms Instruction (if applicable)
Advanced Certification Training (ACT) 2	Work Stoppage Security
Advanced Certification Training (ACT) 3	In-Service Training
Customer Service	

Level Three Training

Level Three offers rigorous, specialized training for officers who seek professional development beyond Level Two. Working with their managers to select appropriate courses, officers may choose advanced study in topics such as homeland security, workplace violence, risk assessment, emergency management and more. Additional Level Three training programs include:

Workplace Violence	Professional Ethics
Loss Prevention	Harassment and Discrimination
Security Surveys and Risk Assessments	Teamwork and Leadership
Advanced Customer Service	Hazmat Awareness Level
Homeland Security Issues	Advanced Guarding Technology
Emergency Response	

E-Learning and the Securitas Online Academy

Securitas meets training needs with advanced technology and sophisticated courseware design. The Securitas Online Academy leverages our industry-leading proprietary online security training courseware with a comprehensive, state-of-the-art Learning Management System (LMS) to create the finest e-learning program in the security profession.

E-courses offer security topics that deliver the highest-quality online learning experience and feature highly interactive simulations, engaging and informative graphics, self-paced learning, instant feedback, coaching, and real-time performance assessment. Our full-time professional e-learning developers apply principles of human performance improvement and adult learning theory to create our industry-leading courseware. This equates to improved performance and consistent training across the organization.

Our LMS facilitates course assignments, tracking and monitoring student progress, standard and custom training reports, testing and scoring, and career development, as well as course feedback that allow us to continually improve course material to make it even more effective.

Our partnership with SuccessFactors™ offers unmatched value and experience in online learning. Plateau provides LMS technology for many of the largest government and corporate entities, including the U.S. Air Force, NASA, GE and Yahoo.

Securitas' e-learning program delivers training when and where it's needed, with 24/7 learning access to both custom and off-the-shelf courseware, and standardized training across the organization. It is the perfect solution for just-in-time training for compliance issues, industry standards, homeland security, and more. All of this results in lower training costs, more training opportunities, and a dedicated workforce of security professionals.

The Securitas Online Academy benefits clients with consistent training and performance across locations and dedicated officers with career paths in security. This effective and efficient training is available when and where you need it.

Securitas' commitment to excellence in training and development provides you with the knowledge and assurance that you have the best-trained and most highly motivated security team working for you.

Advanced Certification Training (ACT)

Securitas has developed a three-part course of study known as our Advanced Certification Training Program (ACT 1, 2 and 3), which is designed to provide advanced training for each security officer. We will make this course available to all security officers at City of Portland. We encourage our security officers to participate as an opportunity to further their security knowledge and to prepare them for advancement, both at City of Portland and within Securitas.

Each ACT study course provides details of the security profession. Using the latest technology and solid learning theory, ACT e-learning courses can be delivered anytime and anywhere a computer is available. It allows officers to progress at their own pace to learn the materials while receiving immediate feedback on their understanding and application of the lessons. The state-of-the-art ACT e-learning programs are fully interactive, and based on the “tell, show, do” approach to learning that lets officers apply the principles they are learning in computer-simulated situations. Lessons are reinforced with online quizzes that give instant feedback. The final exam is administered by the officer’s supervisor or manager, thus giving an opportunity to close the training loop with direct interaction with team leaders.

Upon receiving a satisfactory passing grade on the ACT 1 exam, the security officer is awarded a certificate. Upon passing ACT 2, a certificate and engraved “ACT Certified” nameplate is awarded. Successful completion of ACT 3 earns the officer a certificate and uniform pin with the designation of “Professional Security Officer.”

Our ACT Program includes the following materials:		
ACT 1	ACT 2	ACT 3
The professional security officer	Report writing	Workplace violence
About Securitas	Fire safety	Traffic and parking
Professional image and teamwork	Access control	Crowd control
Customer service	Telephone & radio communications	Bomb threats
Post orders	Patrol techniques	Substance abuse
Limits to authority	Perimeter control	Harassment and discrimination
Protection & observation	Vehicle access control	Fire safety
		Emergency response

Ongoing Professional Development

Ongoing professional development is a key element in maintaining security officer knowledge, skills and professional dedication.

Ongoing development plans designed to meet the specific requirements of City of Portland may include drills, exercises, audits and refresher training. In addition, Securitas provides continuing training and development opportunities through dynamic, proactive communication programs such as our monthly *Security Spotlight* and our flagship *Excellence in ServiceSM* program.

Security Spotlight

Distributed on a monthly basis, Security Spotlight examines issues and procedures surrounding current security concerns. Written for security staff as well as clients and their employees, *Security Spotlight* proactively examines security issues relative to current events and risks, such as terrorism awareness and response, seasonal safety and security, and more. Past issues have focused on issues such as bio-chemical terrorism hazards, counterterrorism awareness, bombs and bomb threats, hazardous weather, identity theft, and travel security. *Security Spotlight* topics can also be produced in response to client requirements.

Excellence in ServiceSM

In order to provide our clients with the finest security services available, we have developed an extensive program designed to train, motivate and empower every security officer. Our quarterly *Excellence in ServiceSM* magazine anchors the program with valuable information about officers' experiences and accomplishments, and concrete training topics that supervisors and officers discuss on a regular basis. Securitas officers and events are featured to highlight the training and/or client service topic being emphasized. To help reinforce knowledge and proper procedures, officers who correctly answer questions about the quarterly topics are eligible to participate in monthly, quarterly and annual drawings for cash and prizes. Each year, our security officer who wins the national drawing receives a check for \$2,500 at a special ceremony.

Annual Refresher Training

Securitas recognizes that a core base of security officer knowledge and critical skills is established as the foundation for success through basic, on-the-job and advanced training. Further, we recognize that certain critical skills require periodic re-certification to help ensure our security officers maintain consistently high levels of proficiency.

We are committed to working closely with City of Portland to determine specific critical skills and knowledge that should be periodically reinforced and retested through annual training. Through the professional judgment of both of our organizations, we will determine those critical skills and tasks our personnel must be able to perform.

This will, in turn, suggest the subject matter appropriate to reinforce, such as first aid, CPR, legal restrictions, and responsibility and authority of security officers. Of course, emergency procedures and plans, as well as any new or changing information, laws, client relations, corporate policies and case law applicable to the performance or duties of our security officers are also appropriate and should be included.

The value to City of Portland is that each officer will possess the necessary tools to provide excellent service at your facilities immediately upon assignment and as part of an on-going program.

Additional Value-Added Training Solutions

“ Our training capabilities extend well beyond basic and on-the-job training.

In addition to our ACT and e-learning programs, Securitas has a wealth of training resources, from industry-specific specialized programs to our Professional Development Series – almost fifty courses designed to enhance general business skills. Hundreds of courses, videos and resource materials addressing terrorism awareness and homeland security are available from Securitas and America's front-line agencies, including guidelines and courses from ASIS International, FEMA, American Red Cross, Department of Homeland Security, FBI, Department of Justice and CiNet (Critical Information Network, formerly PSTN). We have access to additional innovative training materials to further enhance the skills and knowledge of our security officers, supervisors and managers. We can work closely with you to implement these additional, exciting, high-quality training resources at each City of Portland site.

Security Training Succession Plans

Securitas can implement a training succession plan for our security officers and supervisors. Successful completion of each proprietary training course will make our officers eligible for an optional promotion and put the officer on track for the next phase of training.

We believe knowledge must also be linked to successful application of that knowledge and job performance. Consequently, as openings or promotion opportunities occur, officers on the training succession path will be eligible for consideration based on their level of completed training in conjunction with their performance evaluations.

The benefits of such a program include the following:

- Qualified individuals are identified as they proceed along the training succession path and their skills are identified.
- Participating in training provides the officer with a sense of value to Securitas and City of Portland. This sense of value provides non-monetary reinforcement and contributes to good morale.
- Good morale through the investment of training leads to increased retention.

Supervisor Training

Our Certified Security Supervisor training program focuses on the following:			
Service Excellence	Role of the Supervisor	Counseling and Coaching	Managing Performance
Quality Customer Service is the Key	The Challenge Ahead	Counseling and Coaching	Why Manage Performance?
Identifying the Needs of Your Customers	Transition to Supervisor	When Should You Counsel or Coach?	Developing Performance Goals
Provide for the Needs of Your Customers	Delegation: A Critical Skill	Giving and Receiving Feedback	Building Commitment
Project a Positive Attitude	Building a Winning Team	Plan and Conduct Counseling and Coaching Sessions	Preparing for the Performance Review
Working With Clients	Making Better and Faster Decisions	Pulling It All Together	Effective Performance Reviews
Take the H.E.A.T. – Put Out the F.I.R.E.	Staying Upbeat		
Proactive Problem Solving			

Each course is taught as a seminar or mentored tutorial and is available online. In addition, supervisors receive four policy-oriented courses in human resources and risk management. The Certified Security Supervisor training program is designed to support lead officers and supervisors by providing the necessary skills and knowledge to lead and coach a team of security officers. Successful completion of this series is also linked to our succession planning for Securitas supervisors and officers. Additional training in the Supervisor Development Path can be tailored to fit the individual requirements of City of Portland.
